*The Carpet Protector
That Stays Put®*

ANCHORPRO®

Aleco's AnchorPro® clear vinyl carpet protector stays firmly in place even in areas of constant, heavy foot traffic. The difference is in the grip - Aleco redefines the runner category with the holding power of our exclusive four-way cleat system. This innovative design involves a pattern of cleats extending in four different directions that lock with the fibers of the carpet. When removed, the cleats release from the carpet with no damage or stress to the carpet fibers.

- Exclusive Four-Way Cleat System
- Contemporary and Traditional Slip-Resistant Designs
- Mid-Weight and Heavy-Weight Thicknesses
- 24", 27" and 36" Widths

**AnchorPro® is
unconditionally
guaranteed not
to crawl, wrinkle,
slip or curl**

Chairmats

Anchormat
Anti-Static
Hard Floor

Workspace chairs with casters can really damage both carpeted and hard surface floors. Placing an Aleco chairmat under the chair greatly reduces wear and tear while providing a smoother rolling surface. The crystal-clear material maintains visibility of the flooring material.
