

The Revolutionary MaxBullet® Trailer Mount System Helps Prevent the Loss of Cooled Air

Designed with our exclusive MaxBullet® hardware and Scratch-Guard® ribbed stripping, the **MaxBullet® Trailer Mount System** quickly and simply installs to a refrigerated trailer using two L-brackets. May be used with conventional roll-up or swing doors.

- Maintain better temperature control
- Improve energy efficiency
- Reduce maintenance costs on refrigeration units

Hi-Viz® Fluorescent Safety Rings are placed on the studs of the MaxBullet® hardware to indicate the top of the door opening in low light conditions.

**Faster Install.
Longer Lasting.
Better Energy
Savings.**

MaxBullet® Trailer Mount System
